Un uomo con la macchina da presa digitale si aggira per Manhattan. È un ceco che ama il cinema di Frank Capra e che è in cerca di fortuna con il suo psicopatico compagno russo. I due sono in "viaggio d'affari" ma sono irretiti dal miraggio di un successo rapido e senza fatica e lasciano in una New York notturna e segnata da volute di fumo, una scia ben visibile di incendi e di cadaveri. Con la videocamera filmano le loro "imprese" e le spediscono a "Top Story", un reality show perché le mandi in onda. Sulle loro tracce si lanciano il pluridecorato ispettore Eddie Flemming e il giovane investigatore Jordy Warsaw. Le strade dei criminali e dei poliziotti si incrociano in un incessante

Caso vuole però che l'aereo presidenziale, dirottato da un gruppo di terroristi, precipiti sulla città. Salvato da una speciale capsula, il primo cittadino d'America viene preso in ostaggio dalla banda del "Duca" che, in cambio, chiede la propria libertà. La polizia infiltrava allora Jena Plinski che in sole 24 ore deve compiere la sua missione.

What Roy, a veteran of the grift, and Frank, his ambitious protégé, are swindling these days are "water filtration systems," bargain-basement water filters bought by unsuspecting people who pay ten times their value in order to win bogus prizes like cars, jewelry and overseas vacations--which they never collect. These scams net the flim-flam men a few hundred here, another thousand there, which eventually adds up to a lucrative partnership. Roy's private life, however, is not so successful. An obsessive-compulsive agoraphobe with no personal relationships to call his own, Roy is barely hanging on to his wits, and

Ora s'impegna in grosse operazioni finanziarie lecite, ma le altre "famiglie" cercano d'intromettersi. Peter LaFleur is a charismatic underachiever and proprietor of a rundown gym called Average Joe's. The facility's eclectic clientele of decidedly less-than-average Joes is comprised of: a self-styled pirate; a scrawny nerd who dreams of impressing an unattainable cheerleader; an obsessive aficionado of obscure sports; a dim-witted young man; and a cocky know-it-all who, of course, really knows nothing. The Law Enforcement Technology Advancement Centre (LETAC) has developed SID version 6.7: a Sadistic, Intelligent, and Dangerous virtual reality entity which is synthesized from the personalities of more than 150 serial killers. LETAC would like to train police officers by putting them in VR with SID, but they must prove the concept by using prisoners as test subjects. One such prisoner is ex-cop Parker Barnes. When SID manages to inject his personality into a nano-machine android, it appears that Barnes might be the only one who can stop him.

When petty thief Cosimo (Luis Guzman) is given the plan for the perfect heist from a lifer in prison - the kind of job you dream about - he has to get out of jail, fast. But with Cosimo stuck in the joint, it's up to his girl Rosalind (Patricia Clarkson) to track down a patsy. But while no one wants to do the time for Cosimo's crime, everybody seems to know a guy who will - and for a share, they're willing to track him down. Before long, Rosalind has five guys trailing behind her, looking to get their bungling hands on a piece of the action.
